- I. Interest rate periodically fixed - interest rate fixed for 60 months from loan disbursement. In the subsequent period of the loan interest rate will be variable unless Parties in the annex to the loan agreement agree upon a new fixed rate applicable to consecutive lending term of 60 months.
- II. Variable interest rate occurring after the term of periodically fixed interest rate is a sum of a benchmark WIBOR 6M and Bank margin; in case the benchmark WIBOR 6M value is zero or negative, interest loan in this period will be equal to the Bank's margin. The WIBOR 6M (WR) benchmark changes in 6-month cycles, on the same day of the month, in which the Loan Agreement was concluded, or if this day does not occur in a given calendar month - on the last day of that month and assumes the value from the last business day of the month preceding the month, in which the change occurs. The administrator of the WIBOR 6M benchmark, i.e. the entity, which exercises control over its preparation, is GPW Benchmark S.A. Information about the 6M reference rate may be obtained on the GPW Benchmark website.
- III. Interest rate Consolidation Loan (more than 30% of loan intended for non-housing purpose)
  - consolidation of debt for housing purpose - margin/temporarily fixed interest rate for Mortgage Loan is applied
  - consolidation of debt for non-housing purpose -
  - margin/temporarily fixed interest rate for Home Equity Loan is applied
  - in case of combining consolidation of debt for housing and non-housing purposes in one loan agreement - weighted spread margin shall be calculated - Mortgage Loan margin for housing purpose and Home Equity Loan margin for non-housing purpose.
- IV. Price list - Home Equity Loan is also valid for Mortgage Loan (housing loan) for the loan amount granted for non-housing purposes. In this case weighted spread margin shall be calculated/ average-weighted temporarily fixed interest rate.
- V. The interest rates included in the table was rounded up to two decimal places.
- VI. Margins included in the table are also valid for increasing the loan amount and changing loan currency if margins before increasing the loan amount or changing currency are lower than margins on the day of submitting application.
