Reference rates:

- Lombard rate - determines the highest level of interest on loans granted by the central bank to commercial banks under the pledge of securities (so-called Lombard Loans). It is also the basis for determining the maximum interest rate on loans and advances in accordance with Art. 359 § 2¹ of the Civil Code.
- WIBOR (1M/3M) - (Warsaw Interbank Offered Rate), interest rate announced by Reuters at 11.00 a.m. GMT, based on the arithmetic average 1 or 3-month quotes respectively, at which the banks are ready to sell their financial surpluses on the interbank market in the case of a PLN loan.
- NBP reference rate: interest rate used as the basis for determination of loan interest rate, established by the Monetary Policy Council, announced in the Official Journal of the National Bank of Poland

The rules for defining the level and changing of loan interest based on WIBOR / LIBOR 1M / 3M / 6M rates and the NBP Lombard rate are specified in credit agreements.

Interest rates are charged on the respective loan amount or credit limit at the level indicated for the credit product. Currency-indexed loans are converted to PLN according to the Bank Millennium S.A. FX rates - valid on the day, on which withdrawals or deposits were executed: FX buy rate for deposits and FX sell rate for withdrawals, as available on the Bank's website.
