I. Principles for collecting banking Commissions and Fees

The terms used in this Price List shall denote the following:

1.1 Bank - Bank Millennium S.A..

1.2. Outlet - Bank's outlet providing services for Account Holders.

1.3 Checking account - Customer's bank account kept at the Bank

1.4 Ordering party - Customer who holds checking account, hereinafter referred to as Account Holder or Customer who does not hold an account but uses Bank's services

3. The principal submitting the bank operation order shall cover all banking commissions and fees unless the agreement or order stipulates otherwise. 4. Fees and commissions specified in the Price List are charged and collected on the day on which order is placed or operation is performed, on a monthly basis or on

other dates, as agreed with the account holder.

4.1 The commissions and fees charged on cash operations should be collected at the time when the operation is performed.

4.2 The fees for maintenance of a current account in foreign currency are collected from the FX current account in currency of account.

4.3 The commissions and fees charged by virtue of other transactions, if they are collected from the customer's bank account, are subject to payment from the founds on account. If there is a lack of funds on the account, the Bank may charge the commission/fee debiting the account.

5. All commissions and fees are charged in Polish zloty, subject to item 4.2, 7 and 8.

6. When calculating the commission or fee due, amounts below one-half a grosz (1/100 of one Polish zloty) shall be rounded down to the nearest whole grosz, while amounts equal to, or higher than, one-half a grosz shall be rounded up to the nearest whole grosz.

7. In justified instances and while observing the rigors associated with obeying the provisions of the Currency Law, it is permissible to charge commissions and/or fees: a) in a foreign currency even though the relevant rate has been stated in Polish zloty. The Polish zloty rate shall then be converted at this currency's buy rate as stated in the Bank's Foreign Currency Exchange Table in force on the day when the settlement is made with the Principal (at the buy rate for foreign exchange - if the commission amount is debited to the principal's account, at the buy rate for money - if payment is remitted in some other form),

b) in Polish zloty even though the relevant rate has been stated in a foreign currency (this particularly applies to the commissions and fees charged by third party banks). The foreign currency rate shall then be converted at this currency's sell rate as stated in the Bank's Foreign Currency Exchange Table in force on the day when the settlement is made with the Principal (at the sell rate for foreign exchange - if the commission amount is debited to the principal's account, at the sell rate for money - if payment is remitted in some other form).

8. The grounds for calculating the amount of the commission specified in the Fee Schedule as a percentage of the realized order shall be the Polish zloty equivalent value of the order derived by converting the order amount in a foreign currency using the foreign exchange rate (from the table or established individually) in a given transaction.

If an order is debited / credited to the principal's foreign currency account (in the currency of the order or some other one) the order's Polish zloty equivalent value shall be derived by multiplying the foreign currency value of the order by the sell rate for foreign exchange in a given currency specified in the Bank's foreign currency exchange rate Table on the day when the order is received for processing.

The same principle shall be applied to calculating the amount of the commission due on handling foreign currency orders in which the time of charging the commission is not correlated to the time of settling the amount of the order (this applies in particular to collections, documentary letter of credit and guarantees).

9. The commissions or fees charged according to the rates specified in the Price List are not subject to reimbursement except for the case in which irregularities are asserted in the application of the applied principles for computing them. 10. The Price List is not the equivalent of the Bank's offer. The Bank is not committed to selling of a product/service if that product/service is listed in the Price List.

11. For the services not envisaged in the Price List, fees and commissions are charged according to the Bank's decision.

12. For ROR Partner account in Partner Package, apart from the specific fees/commissions described in this Price List, the Price List for account Konto Osobiste Premium for retail Customers is applicable.

13. This Price List with extracts constitutes Exhibit no 1 to the Agreement of bank account and selected services, including cards, e-banking, closed cash deposits and cash collection by car, with annexes.

14. Fees and Commissions with interest rates in this Price List refer to all accounts if not described otherwise.

15. The same fees apply to Biznes Start Account, Biznes Profesja Account, Biznes PayUp Account and Biznes Oferta Specjalna Account opened until 31st of December 2013 as with Biznes Account. Biznes Start Account, Biznes Profesja Account, Biznes PayUp Account and Biznes Oferta Specjalna Account shall be not offered as of the 1st of January 2014.

16. Biznes Online Account is offered to self-employed persons, including persons running agricultural holdings, however it is not possible to convert the currently held bank account into Biznes Online Account.

17. The Biznes Trade Account offer is valid for Makro Cash&Carry card holders.

1) Interest rate applies to total balance's amount. Interest fate is fixed. After a contractual term the interests will be transferred to the current account in appropriate currency if not agreed otherwise. The interest rate applied in case of withdrawal of funds before maturity: 0,00%

2) Deposit in PLN, EUR, USD, GBP for Millenet for Individuals or Millenet for Companies users. Interest rate applies to total balance's amount. Interest rate is fixed. Capitalization after a contractual term. Millenet term deposit is non-renewable or renewable. Minimum amount of term deposit is: PLN 2.000, USD 200, EUR 200, GBP 200. The interest rate applied in case of withdrawal of funds before maturity: 0,00%

3) Value of the interest rate is defined as the multiple of the value of lombard rate of the National Bank of Poland and of the interest rate multiplier, however not more than nominal values defined in the table for individual types of debt. The interest rate multiplier is 4. The lombard rate last announced by the National Bank of Poland, valid from 04.07.2013, is 4,00%, therefore the interest rate counted on the basis of the multiplier is 16%. The lombard rate is published on the website www.nbp.pl.

Deposits placed with Bank Millennium are guaranteed in keeping with the Act on Bank Guarantee Fund. The guarantee in 100% covers funds, the zloty amount of which does not exceed the equivalent of 100 000 euro. Subject to the guarantee are registered zloty and foreign currency deposits of: legal persons, organisational persons without legal personality, if such have legal capacity, school savings institutions as well as employee benefit-lending schemes with the exception of entities listed in art.2 item 1) of the Act on Bank Guarantee Fund.

Note: The Bank reserves the right to change this price table according to the market conditions.
